Excellence
in Concrete Construction Awards
Gala

Monday, October 15, 2018

The Concrete Convention and Exposition
The Rio All-Suites Hotel, Las Vegas, Nevada

Welcome

to the 2018 Excellence in Concrete Construction Awards Gala, a celebration of innovation and excellence in concrete construction.

SPECIAL THANKS TO OUR INTERNATIONAL PROJECT AWARDS COMMITTEE:

Anne M. Ellis, Chair

Alain Belanger
Heather Caya
Dylan Freytag
Joe Hug
Rita A. Madison

Quinn McGuire
Fred Meyer
Dawn L. Miller
Larry Rowland
Michael J. Schneider

AN EVENING OF EXCELLENCE

5:30 p.m.	Doors Open
6:30 p.m.	Program Start
6:45 p.m.	Dinner
7:30 p.m.	Excellence in Concrete Construction Awards Presentation
	Low-Rise Buildings Category
	Mid-Rise Buildings Category
	High-Rise Buildings Category
	Decorative Category
	Infrastructure Category
	Repair and Restoration Category
	Overall Excellence Award Winner
8:30 p.m.	Dessert Reception

ABOUT THE AWARDS PROGRAM

The ACI Excellence in Concrete Construction Awards celebrates innovation and excellence in concrete design in the construction community throughout the globe. This awards program is made possible through the hard work of ACI's member volunteers.

This year's program has proven to be the most competitive and challenging for participants and judges. With over 80 submissions, the fourth annual Excellence in Concrete Construction Awards Program is sure to provoke and inspire the future of concrete innovation.

More than ever, concrete design and construction projects must integrate creative techniques and technologies to keep up with ever-evolving economic, environmental, and aesthetic demands. The ACI Excellence in Concrete Construction Awards provides platform to recognize projects at the forefront of innovation and technology and showcase the amazing work taking place within our industry.

An independent panel of esteemed industry professionals judged projects and selected winners based on architectural and engineering merit, creativity, innovative construction techniques or solutions, innovative use of materials, ingenuity, sustainability and resilience, and functionality.

These projects were submitted in one of the following categories:

- Low-Rise Buildings
- Mid-Rise Buildings
- High-Rise Buildings
- Decorative
- Infrastructure
- Repair and Restoration

ESTEEMED INDUSTRY JUDGES

Anita Sircar is a registered and licensed architect from New York State with 25 years of experience in design and construction of high-rise large-scale trophy office buildings, high-rise multifamily, hospitality, institutional and mixed-use projects in the United States and has supervised award-winning projects with creative planning and design.

As a Project Director, she possesses strong leadership skill, management, and education. She is committed to contract management, fully engaged in business development of the firm, expanding firm's relationship with client and community in an effort to increase market share. She is a member of American Institute of Architects and LEED AP BD+C

accredited professional.

Anita has worked on several notable projects, such as:

- **1812 North Moore** – A 35-story structure soaring 390 ft, it is the tallest office building in Rosslyn Metropolitan Washington, DC, and is among the largest Platinum LEED Office Building in the country (Project Cost \$160M and received many national accolades in news).
- **Stadium Office Building** – A 10-story commercial office building designed in collaboration with Washington Metro Transit Authority having 305,000 ft² and is the first office building in Washington, DC, to receive high-performance terracotta rainscreen system. (Received NAIOP best urban office award 2008, Project Cost \$52M and LEED Gold).
- **H Street Modus Hotel, DC and Philadelphia** – A 245-room micro pod-style hotel, with rooms maximizing efficiency with small footprint in small urban infill sites. Won NAIOP award 2017.
- **Union Place** – 14-story residential building located in NOMA BID, DC, with 525 apartments and 240-car garage.

Corina-Maria Aldea is a former Fulbright Scholar and has international expertise in construction materials design and engineering. She has more than 30 years of combined technical, research, industrial, consulting, management, and academic international experience in various areas of civil and building materials engineering. She held Senior Executive posts at international technology-driven organizations, initiating and managing global technical and research and development projects. Her areas of expertise include materials engineering, cement-based composites technology, infrastructure rehabilitation, technology transfer, techno-marketing, and exploratory work involving new materials.

In the area of materials engineering, she has conducted and directed projects related to the durability of advanced cement-based composites; fiber-reinforced cement-based composites; textile reinforcement for applications ranging from architectural materials, asphalt reinforcement and repair, stability and erosion protection, to repair and strengthening systems; and use of supplementary cementitious materials for various applications and other material evaluations, including materials for nuclear applications and materials used in the closure of mine openings and slurry tailings, thickened tailings, and paste backfill. She has authored and co-authored over 60 publications in international technical journals, conference proceedings, and books.

ESTEEMED INDUSTRY JUDGES

David Millar is the Chief Executive Officer of the Concrete Institute of Australia. As a civil engineering graduate from the University of Sydney, David began his career in the concrete aggregates industry, before expanding into precast concrete, construction chemicals, and concrete materials. With a great appreciation of what industry and professional associations can provide to the concrete industry, David has been, and still is, an active member on a number of concrete related committees as a volunteer, and was Executive Director of the Concrete Pipe Association of Australasia from 2005 to 2013 before his current role with the Concrete Institute of Australia. David's 25 years in the construction industry has revolved around concrete, and through this experience he understands the importance this most traditional, but ever evolving material, has on society.

Dean A. Browning, FACI, retired from Charles Pankow Builders and Charles Pankow Foundation. Browning is a member of ACI Committees 318, Structural Concrete Building Code; Construction Liaison Committee; Finance Committee; and Hot Topics Committee; and ACI Subcommittees 318-A, General Concrete and Construction, and 318-B, Reinforcement and Development. He is a Past Chair of the Hot Topics Committee and past member of the Board of Direction, Concrete Research Council, Publication Committee, Educational Activities Committee and Convention Committee. Browning was the recipient of the ACI Roger H. Corbetta Concrete Constructor Award in 2013.

While living in the California Bay Area, Browning was a member of the Northern California and Western Nevada Chapter – ACI where he served as President, Board of Direction member, and Co-Chair of the 2004 San Francisco ACI Centennial Convention.

A native of Indiana, he received a BS in 1971 and MS in 1974 in civil engineering from Purdue University, where he met Charles Pankow in 1974, who convinced him to move to the West Coast. Between his BS and MS degrees at Purdue, he worked for the State of Indiana Highway Department as a Highway Engineer at the Research and Training Center in West Lafayette, IN, studying the impact of research projects funded by state and federal programs.

Browning retired from Charles Pankow Builders in 2011, where he worked primarily in the San Francisco office. While at Pankow Builders, he started as a Field Engineer and retired as Senior Vice President/Chief Operating Officer, serving many field and office positions during his 37 years. Most of his positions included managing significant design-build projects with duties that included managing both the design and the construction team. While at Pankow Builders, Browning was a speaker on techniques for managing multiple disciplines during a design-build project, and is a past member of the Design Build Institute of America.

Browning retired from Charles Pankow Foundation in 2013, where he was responsible for administering active research grants funded by the Foundation for immediate and practical use to practitioners in building design and construction. Many of the grants target structural concrete issues needing material testing and analysis to justify significant code changes.

ESTEEMED INDUSTRY JUDGES

Debrethann R. Cagley Orsak, P.E. is a principal of Cagley & Associates, Inc., located in Rockville, MD, whose practice is general structural engineering of buildings. Some of the firm's more notable projects include the MGM Hotel & Casino at National Harbor in Oxon Hill, MD; the U.S. Coast Guard Headquarters Building and Parking Garages on St. Elizabeth's West Campus in Washington, DC; the Walter Reed National Military Medical Center in Bethesda, MD; the IRS Headquarters Complex in New Carrollton, MD; the Clinical Research Center at NIH in Bethesda, MD; the National Oceanic and Atmospheric Administration Satellite Operations Facility at the Suitland Federal Center in Suitland, MD; and the Restoration of the Statue of Freedom atop the U. S. Capitol Dome in Washington, DC.

Orsak has experience in all phases of structural engineering, including structural systems study, design, structure investigation, and construction observation. This experience includes new construction as well as renovation of existing structures. She has been the design engineer, project manager, or principal-in-charge for a number of projects including, the NFL Washington Redskin Park Training Facility in Loudoun County, VA; the University of Baltimore Robert G. Merrick School of Business in Baltimore, MD; the Johns Hopkins University Academic and Research Building in Rockville, MD; and the Phase I Renovation of the Historic Ariel Rios Federal Office Building for the Department of Justice.

Prior to coming to work for Cagley & Associates, Orsak worked as a Field Engineer for Miller & Long Co., a major concrete contractor in the Washington, DC, metro area.

Mario A. Chiorino, Honorary Member of ACI, is Professor Emeritus of Mechanics of Solids and Structures at the Politecnico di Torino, Turin, Italy, where he also served as Vice-Rector and Professor of Theory and Design of Structures and of Structural Analysis of Masonry and Monumental Structures, after being Associate Professor in 1972-1974 at the Venice School of Architecture. He was Visiting Professor and held seminars and lectures in universities in Europe, Asia, and the Americas, and contributed as member of the honor, scientific, or organizing committees, or as author, to a wide number of international congresses, symposia, and workshops in the domain of mechanics, analysis, durability, and sustainability of concrete structures. He is author of a wide number of papers in international journals, and editor or co-editor of volumes and proceedings in the same fields.

Chiorino is Full Member of the Turin Academy of Sciences and Foreign Member of the Russian Academy of Engineering. He was co-founder, President, and is currently Honorary President of the Italy Chapter – ACI. He served as member of the ACI International Advisory Committee and Chair of ACI Committee 209, Creep and Shrinkage in Concrete, and is currently member of the ACI 318 International Liaison Committee and ACI Faculty Network.

He is a life member of *fib*, and member or past member of several other international organizations and related technical committees, including CEB, IASS, IABSE, and RILEM.

He has been a designer or consultant for large concrete structures, including bridges, tall buildings and chimneys.

George W. Seegebrecht – Master of Ceremony, has worked in the construction industry for over 33 years. The majority of his career has involved conducting troubleshooting of concrete and shotcrete problems. Seegebrecht is an active member and Fellow of ACI. He is Chair of Joint ACI-CRSI Committee C680, Adhesive Anchor Installer, and is a member of ACI Committees C610, Field Technician Certification; C630, Construction Inspector Certification; 506, Shotcreting; and 522, Pervious Concrete. He is also a member of the American Shotcrete Association (ASA), the International Concrete Repair Institute (ICRI), and ASTM International. Seegebrecht is a licensed professional engineer in 13 states. He is a regular speaker for educational seminars for the Portland Cement Association (PCA) and the University of Wisconsin – Madison. He has presented educational sessions at organizations such as CRSI, CSDA, ICRI, and World of Concrete, as well as in-house programs for various clients. He is currently the Examiner of Record for the Illinois ACI certification program.

David Lange – ACI President, is a professor of civil engineering at the University of Illinois for the past 26 years. He received his PhD from Northwestern University, his MBA from Wichita State University, and his BS from Valparaiso University. He is director of the Center of Excellence for Airport Technology (CEAT), a research center working with the Chicago Department of Aviation and O'Hare International Airport. His ACI service includes many roles including TAC chair and inaugural chair of ACI Committee 236, Materials Science of Concrete. His research interests include on concrete material properties and microstructure, and he is a two-time recipient of the ACI Wason Medal. He and his wife Risë, have three children and two granddaughters.

LOW-RISE BUILDINGS

First Place

University of Iowa Visual Arts Building – Iowa City, Iowa, United States

Nominator: Iowa Chapter – ACI

Owner: University of Iowa

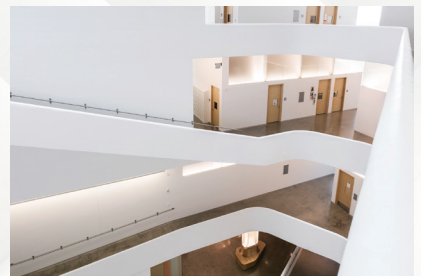

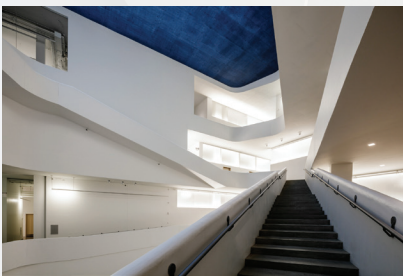

Architectural Firm: Steven Holl Associates - Design Architect/BNIM - Construction Architect

Engineering Firm: Structural Engineering Associates, Inc.

General Contractor: Miron Construction Co., Inc.

Concrete Contractor: Ceco Concrete Construction – Flat Slab Shoring/Miron Construction - Vertical

Concrete Supplier: Croell Redi-Mix, Inc.

LOW-RISE BUILDINGS

Second Place

Design & Build of South Marina Yacht Club at Lusail (BP15) – Doha, Qatar

Nominator: Qatar Chapter – ACI

Owner: Qatari Diar, Lusail Real Estate

Architectural Firm: Chapman Taylor Espain

Engineering Firm: MZ & Partners (Civil & MEP) & Octatube (Steel Structure)

General Contractor: JV of Ceinsa & Al Jaber Trading & Contracting

Concrete Contractor: Al Wataniya

MID-RISE BUILDINGS

First Place

1200 Intrepid Avenue – Philadelphia, Pennsylvania, United States

Nominator: Eastern Pennsylvania & Delaware Chapter – ACI

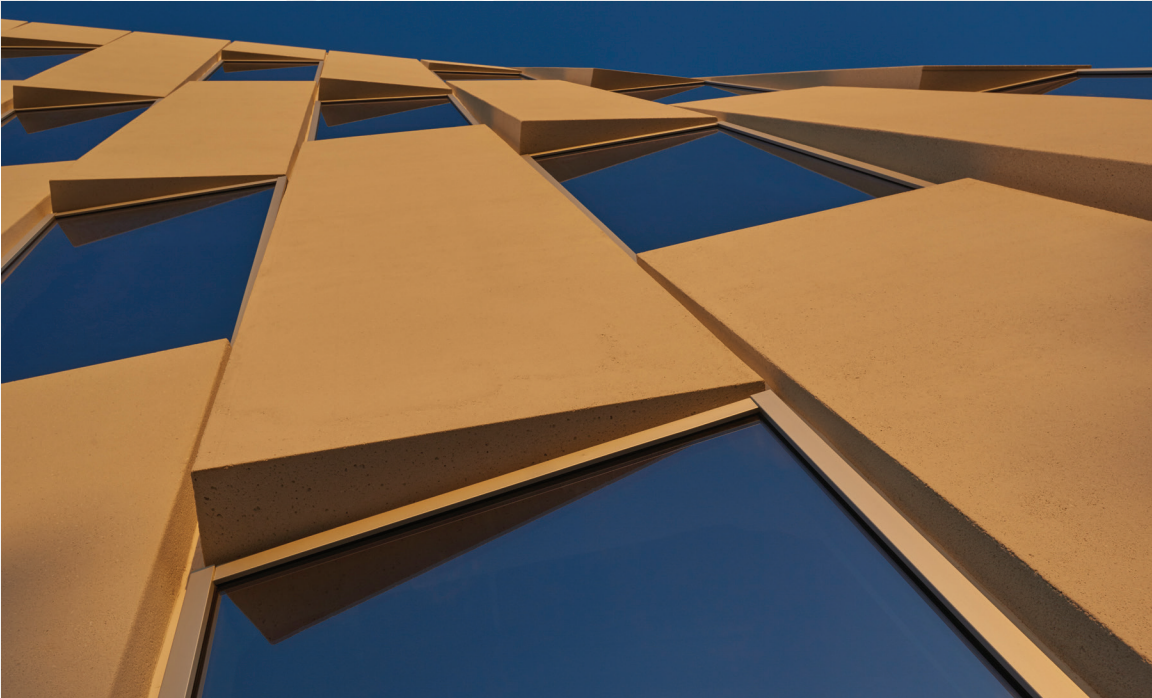

Owner: Liberty Property Trust and the Philadelphia Development Corporation

Architectural Firm: BIG - Bjarke Ingels Group

Engineering Firm: Environetics

General Contractor: Turner Construction Company

Concrete Contractor and Supplier: High Concrete Group LLC

MID-RISE BUILDINGS

Second Place

Royal Alberta Museum – Edmonton, Alberta, Canada

Nominator: Alberta Chapter – ACI
Owner, Architectural Firm, and Engineering Firm: DIALOG
General Contractor: Ledcor Design Build (Alberta) Inc.
Concrete Contractor: Pagnotta Industries Inc.
Concrete Supplier: Lafarge Canada Inc.

HIGH-RISE BUILDINGS

First Place

Reston Station OB1 Tower – Reston, Virginia, United States

Nominator: National Capital Chapter – ACI

Owner: Constock Partners

Architectural Firm: JAHN

Engineering Firm: Thornton-Tomasetti

General Contractor: Davis Construction

Concrete Contractor: Miller & Long

Concrete Supplier: Vulcan Materials

2018 FIRST- AND SECOND-PLACE WINNERS

HIGH-RISE BUILDINGS

Second Place

Nexus Shopping and Business – Setor Marista, Goiânia, Brazil

Nominator: Instituto Brasileiro do Concreto - IBRACON, International Partner – ACI

Owner: Consciente JFG Incorporações e Participações Ltda

Engineering Firm and General Contractor: Consciente Construtora e Incorporadora Ltda

Concrete Contractor: Votorantim Cimentos S/A

Concrete Supplier: Realmix Concreto Ltda

DECORATIVE CONCRETE

First Place

Roofing of the Montpellier-South of France TGV Station – Montpellier, Herault, France

Nominator: Paris Chapter – ACI

Owner: SNCF Réseau

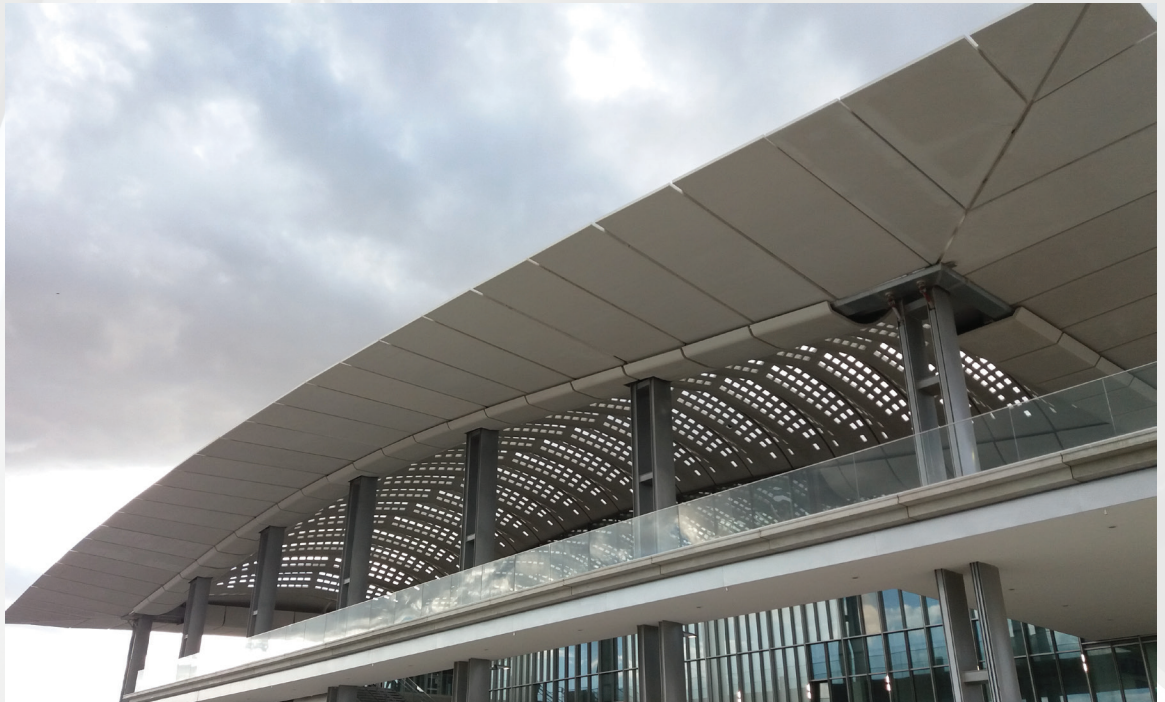

Architectural Firm: Marc Mimram Architecture et Inégnierie

Engineering Firm: Lamoureux & Ricciotti Ingénierie

General Contractor: Fondeville

Concrete Contractor: Méditerranée Préfabrication

Concrete Supplier: LafargeHolcim

DECORATIVE CONCRETE

Second Place

The Water Garden – Santa Monica, California, United States

- Nominator:** Southern California Chapter – ACI
- Owner:** Water Garden Realty Holding LLC & Water Garden Company L.L.C.
- Architectural Firm:** HLW International
- Engineering Firm:** AMA Consulting Engineers
- General Contractor:** Morley Builders
- Concrete Contractor:** Shaw & Sons
- Concrete Supplier:** Catalina Pacific Concrete

INFRASTRUCTURE

First Place

Viaduct Over River Almonte – Garrovillas de Alconétar, Cáceres, Extremadura, Spain

Nominator: Asociación Española De Ingeniería Estructural (ACHE), International Partner – ACI

Owner: Adif Alta Velocidad

Architectural and Engineering Firm: ARENAS & ASOCIADOS - IDOM

General and Concrete Contractor: FCC CONSTRUCCIÓN - CONDURIL

Concrete Supplier: CG Hormigones

INFRASTRUCTURE

Second Place

Viroflay Underground Train Station – Meudon, Hauts-de-Seine, France

Nominator: Paris Chapter – ACI

Owner: Public Transportation for Paris Area

Architectural Firm: Atelier SCHALL

Engineering Firm: EGIS Group Branch Railway

General and Concrete Contractor: Eiffage Travaux Publics & Soletanche Bachy

Concrete Supplier: CEMEX

2018 FIRST- AND SECOND-PLACE WINNERS

REPAIR AND RESTORATION

First Place

Provo City Center Temple – Provo, Utah, United States

Nominator: Intermountain Chapter – ACI

Owner: The Church of Jesus Christ of Latter-day Saints

Architectural Firm: FFKR Architects

Engineering Firm: Reaveley Engineers

General and Concrete Contractor: Jacobsen Construction Company, Inc.

Concrete Supplier: Jack B. Parson Companies

2018 FIRST- AND SECOND-PLACE WINNERS

REPAIR AND RESTORATION

Second Place

Ford Theaters Off Season Improvements Phase 2 & 3 – Hollywood, California, United States

Nominator: Southern California Chapter – ACI

Owner: The Ford Theatres Foundation

Architectural Firm: Levin & Associates

Engineering Firm: Structural Focus

General and Concrete Contractor: Charles Pankow Builders, Ltd.

Concrete Supplier: Cemex

Low-Rise Buildings

BioMed i3 - San Diego, California, United States

Nominator: San Diego International Chapter – ACI

Owner: BioMed Realty Trust

Architectural Firm: Perkins + Will

Engineering Firm, General Contractor, Concrete Contractor, and

Concrete Supplier: McCarthy Building Company, LLC

Blumfeld/Krone Residence - Verdi, Nevada, United States

Nominator: Northern California and Western Nevada Chapter – ACI

Owner and Architectural Firm: Joan Blumenfeld, FAIA and Robert Krone, AIA

Engineering Firm: McElhaney Structural Engineers LLC

General Contractor: Robert Krone, AIA

Concrete Contractor: Cemex and American Ready Mix

CARTI Cancer Center Parking Garage – Little Rock, Arkansas, United States

Nominator: Arkansas Chapter – ACI

Owner: CARTI

Architectural Firm: Perkins + Will

Engineering Firm: Uzun + Case

General Contractor: Nabholz Construction

Concrete Contractor: Bass Concrete

Concrete Supplier: Martin Marietta

Edificio E. Universidad de Piura - Piura, Piura

Nominator: Peruvian Chapter – ACI

Owner: Universidad de Piura

Architectural Firm: Barclay Crousse Arquitectos

Engineering Firm: HIGASHI INGENIEROS SAC

General and Concrete Contractor: Huarcaya Construcción e Ingeniería

Concrete Supplier: Cementos Norte Pacasmayo

Kay's Creek Elementary School - Kaysville, Utah, United States

Nominator: Intermountain Chapter – ACI

Owner: Davis School District

Architectural Firm: VCBO Architecture

Engineering Firm: Bsumek Mu & Associates

General and Concrete Contractor: Hughes General Contractors, Inc.

Concrete Supplier: Jack B. Parson Companies

Montrose Community Center – Montrose, Colorado, United States

Nominator: Rocky Mountain Chapter – ACI

Owner: Montrose Recreation District

Architectural and Engineering Firm: Barker Rinker Seacat

General Contractor: Haydon Building Corporation

Concrete Contractor: Mays Concrete

Concrete Supplier: United Companies

2018 PROJECT SUBMISSIONS

Newton Residence – Newton, Massachusetts, United States

Nominator: Western New York Chapter – ACI
Owner: Private Developer
Architectural Firm: Touloukian Touloukian Inc
Engineering Firm: Aberjona Engineering
General Contractor: FBN Construction
Concrete Contractor: Accurate Home Improvements

Olathe West High School – Olathe, Kansas, United States

Nominator: Kansas Chapter – ACI
Owner: Olathe Unified School District #233
Architectural Firm: Hollis & Miller
Engineering Firm: Bob D Campbell & Associates
General Contractor: McCownGordon Construction
Concrete Contractor: Needham DBS
Concrete Supplier: PCI

Program Covington – Covington, Georgia, United States

Nominator: Georgia Chapter – ACI
Owner: Shire
Architectural and Engineering Firm: FLAD Architects
General Contractor: Turner Construction Company
Concrete Contractor: Precision Concrete Construction, Inc.
Concrete Supplier: Argos USA

The Song School – Perth, Western Australia

Nominator: Concrete Institute of Australia, International Partner – ACI
Owner: Anglican Diocese of Perth
Architectural Firm: Palassis Architects
Engineering Firm: Fozdar
General Contractor: Pact Constructions
Concrete Contractor: SA Precast

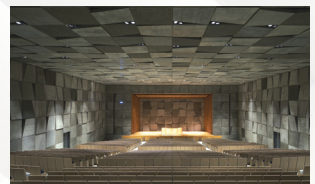

Tremont Eastbound Rest Area Improvements – Choudrant, Louisiana, United States

Nominator: New Orleans Chapter – ACI
Owner: Louisiana Department of Transportation and Development
Architectural and Engineering Firm: Meyer Engineers, Ltd.
General Contractor: Ratcliff Construction Co., Inc.
Concrete Contractor: Gainey's Concrete Products, Inc.
Concrete Supplier: Century Ready Mix

Waseda University Senior High School Auditorium – Nerima-ku, Tokyo

Nominator: Japan Concrete Institute, International Partner – ACI
Owner: Waseda University
Architectural and Engineering Firm: Nikken Sekki LTD
General and Concrete Contractor: Tokyu Construction Co., LTD.
Concrete Supplier: Yagishita Namacon

Weed Army Hospital – Fort Irwin, California, United States

Nominator: Southern California Chapter – ACI
Owner: HPPA
Architectural Firm: RLF
Engineering Firm: USACE
General Contractor: Turner Construction
Concrete Contractor: Toneman Concrete Corporation
Concrete Supplier: Hi-Grade Materials Co.

Mid-Rise Buildings

C3 Office & Parking Structure – Culver City, California, United States

Nominator: Southern California Chapter – ACI
Owner: IDS Real Estate Group
Architectural Firm: Gensler
Engineering Firm: Saiful Bouquet
General Contractor: KPRS Construction
Concrete Contractor: Largo Concrete, Inc.
Concrete Supplier: Catalina Pacific

Construction of Qatar Foundation Headquarters Building – Doha, Qatar

Nominator: Qatar Chapter – ACI
Owner: Qatar Foundation
Architectural Firm: Office for Metropolitan Architecture (OMA)
Engineering Firm: Office for Metropolitan Architecture and ARUP
General Contractor: Midmac Contracting Company WLL
Concrete Contractor: Readymix Qatar LLC and United Readymix Qatar

Denver Union Station Block A – Denver, Colorado, United States

Nominator: Rocky Mountain Chapter – ACI
Owner: Continuum Partners
Architectural Firm: Bola Powell
Engineering Firm: Thornton Tomasetti
General Contractor: GE Johnson
Concrete Contractor: Concrete Frame Associates
Concrete Supplier: Bestway Concrete

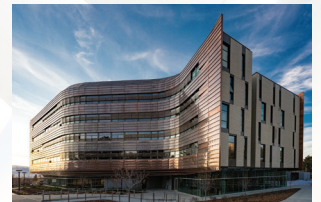

I-97 Business Park Office Building – Millersville, Maryland, United States

Nominator: Maryland Chapter – ACI
Owner: St. John Properties
Architectural Firm: Powers Brown Architecture
Engineering Firm: Morabito Consultants, Inc.
General Contractor: St. John Properties
Concrete Contractor: Precision Concrete Construction Co., Inc.
Concrete Supplier: Chaney Enterprises

Lassonde Studios – Salt Lake City, Utah, United States

Nominator: Intermountain Chapter – ACI
Owner: State of Utah DFCM
Architectural Firm: EDA Architects, Inc.
Engineering Firm: Dunn Associates, Inc.
General Contractor: Gramoll Construction
Concrete Contractor: Pikus Concrete
Concrete Supplier: Geneva Rock

Little Caesars Arena – Detroit, Michigan, United States

Nominator: Greater Michigan Chapter – ACI
Owner: Detroit Downtown Development Authority, Leased to Olympia Entertainment
Architectural Firm: HOK
Engineering Firm: Magnusson Klemencic Associates - Structural Engineering
General Contractor: Barton Malow/Hunt/White
Concrete Contractor: Barton Malow
Concrete Supplier: Superior Materials

MGM National Harbor – Oxon Hill, Maryland, United States

Nominator: National Capital Chapter – ACI
Owner: MGM Resorts International
Architectural Firm: Smith Group JJR
Engineering Firm: Cagley & Associates
General Contractor: Whiting-Turner
Concrete Contractor: DGS Construction
Concrete Supplier: Schuster Concrete Ready Mix

Roseville City Hall Annex – Roseville, California, United States

Nominator: Northern California and Western Nevada Chapter – ACI
Owner: City of Roseville
Architectural Firm: LPAS
Engineering Firm: Clark Pacific (Precast)
General Contractor: DPR Construction
Concrete Contractor: Clark Pacific

Silos Calcia – Paris, France

Nominator: Paris Chapter – ACI
Owner: SEMAPA
Architectural Firm: VIB Architecture
Engineering Firm: NOX
General Contractor: Vinci TPI

University of Kansas Health Education Building – Kansas City, Kansas, United States

Nominator: Kansas Chapter – ACI
Owner: University of Kansas Health Systems
Architectural Firm: Helix Architecture + Design
Engineering Firm: Bob D Campbell and Company
General Contractor: McCOWNGORDON
Concrete Contractor: George J. Shaw Construction
Concrete Supplier: Talon Concrete & Aggregates

High-Rise Buildings

111 South Main Office Tower – Salt Lake City, Utah, United States

Nominator: Intermountain Chapter – ACI

Owner: 111 Main, LLC

Architectural and Engineering Firm: Skidmore, Owings & Merrill

General and Concrete Contractor: Okland Construction Co.

Concrete Supplier: Jack B. Parson Companies

Azenza Towers – San José Province, San José, Costa Rica

Nominator: Costa Rica Chapter – ACI

Owner: Desarrollos Margarita de la Uruca S.A

Architectural Firm: Garnier Arquitectos

Engineering Firm: Garnier y Garnier Desarrollos Inmobiliarios

General and Concrete Contractor: Constructora Edificar

Concrete Supplier: AMCO

Country Club Towers – Denver, Colorado, United States

Nominator: Rocky Mountain Chapter – ACI

Owner: Broe Real Estate Group

Architectural Firm: SCB

Engineering Firm: S. A. Miro, Inc.

General and Concrete Contractor: Swinerton Builders

Concrete Supplier: Martin Marietta

Exelon Tower Base Building – Baltimore, Maryland, United States

Nominator: Maryland Chapter – ACI

Owner: Harbor Point Parcel 2 Holdings, LLC

Architectural Firm: Beatty, Harvey, Coco Architects LLP

Engineering Firm: Tadjer, Cohen, Edelson & Associates

General Contractor: Armada-Hoffler Construction Company

Concrete Contractor: DGS Construction LLC

Concrete Supplier: Schuster Concrete Ready Mix LLC

Generali Tower, Milano – Milano, Italy

Nominator: Asociacion Espanola de Ingenieria Estructural, International Partner – ACI

Owner: Citylife SPA- Milano

Architectural Firm: Zaha Hadid Architects – London

Engineering Firm: Redesco Progetti Srl – Milano

General Contractor: CMB – Carpi

Concrete Contractor: Ricca Costruzioni – Brescia

Concrete Supplier: HOLCIM SPA

Msheireb Downtown Doha Project- Phase 3 – Doha, Qatar

Nominator: Qatar Chapter – ACI

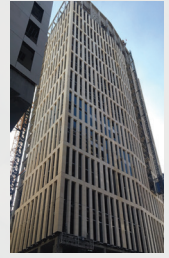

Owner: Msheireb Properties (MP)

Architectural Firm: Gensler

Engineering Firm: Time Qatar (TQ)

General Contractor: Obayashi Corporation - HBK Contracting Company WLL JV

Concrete Contractor: RMQ / UPF

The Post Oak Hotel – Houston, Texas, United States

Nominator: Houston Chapter – ACI

Owner: Landry's, Inc.

Architectural Firm: Gensler

Engineering Firm: Walter P. Moore

General Contractor: Tellepsen Builders

Concrete Contractor: Keystone Structural Concrete, LLC.

Concrete Supplier: Campbell Concrete

Tower 12 – Seattle, Washington, United States

Nominator: Washington Chapter – ACI

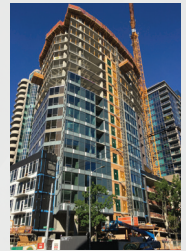

Owner: Continental Properties

Architectural Firm: MG2

Engineering Firm: Cary Kopczynski & Company

General and Concrete Contractor: PCL Construction

Concrete Supplier: Cadman

University of Kansas Hospital Cambridge Tower A – Kansas City, Kansas, United States

Nominator: Kansas Chapter – ACI

Owner: University of Kansas Health Systems

Architectural Firm: CannonDesign

Engineering Firm: The Structural Alliance

General Contractor: J.E. Dunn Construction

Concrete Contractor: George J Shaw Construction

Concrete Supplier: Talon Concrete & Aggregates

Wilshire Grand Center – Los Angeles, California, United States

Nominator: Southern California Chapter – ACI

Owner: Hanjin Internation Corp

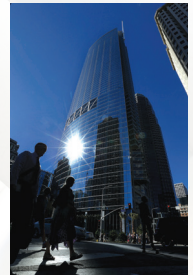

Architectural Firm: AC Martin

Engineering Firm: Brandow & Johnston/Thornton Tomasetti

General Contractor: Turner Construction Co.

Concrete Contractor: The Conco Companies

Concrete Supplier: Cal Portland

Decorative Concrete

Carlsbad Firestation – Carlsbad, California, United States

Nominator: San Diego International Chapter – ACI

Owner: City of Carlsbad

Architectural Firm: Betsy Schulz

General Contractor: Keeton Construction Company

Concrete Contractor: T.B. Penick & Sons, Inc.

Concrete Supplier: Cemex

Havre de Grace Readiness Center – Havre de Grace, Maryland, United States

Nominator: Maryland Chapter – ACI

Owner: State of Maryland

General Contractor: Harkins Builders

Concrete Contractor: Chevy Chase Contractors

Concrete Supplier: Vulcan Materials Company

Longwood Gardens, Main Fountain Garden Revitalization – Kennet Square, Pennsylvania, United States

Nominator: Eastern Pennsylvania and Delaware Chapter – ACI

Owner: Longwood Gardens

Architectural Firm: Beyer Blinder Belle

Engineering Firm: Keast + Hood

General Contractor: Bancroft Construction Company

Concrete Contractor: Peter M. D’Onofrio

Concrete Supplier: Silvi Concrete

Petra Pointe – Smithville, Tennessee, United States

Nominator: Mid-America Chapter – ACI

Concrete Contractor: Rock Solid Construction

Concrete Supplier: IMI

Qatar National Library – Doha, Qatar

Nominator: Qatar Chapter – ACI
Owner: Qatar Foundation
Architectural Firm: Office Metropolitan Architect
Engineering Firm: Arup
General Contractor: Multiplex Construction W.L.L.
Concrete Contractor: Readymix Qatar

Scottsdale Museum of the West – Scottsdale, Arizona, United States

Nominator: Arizona Chapter – ACI
Owner: City of Scottsdale
Architectural Firm: Studio MA, Inc.
Engineering Firm: Rudow + Berry, Inc.
General Contractor: LGE/CORE Construction Joint Venture
Concrete Contractor: Hardrock Concrete Placement
Concrete Supplier: Drake Materials

Sedgwick County Zoo Elephants of the Zambezi River – Wichita, Kansas, United States

Nominator: Kansas Chapter – ACI
Owner: Sedgwick County Zoo
Architectural Firm: GLMV Architecture, Inc
Engineering Firm: MKEC Engineering
General Contractor: Martin K. Eby Construction Co, Inc
Concrete Contractor: Beran Concrete Inc
Concrete Supplier: Andale Ready Mix

SH 9 Colorado River South Wildlife and Safety – Kremmling, Colorado, United States

Nominator: Rocky Mountain Chapter – ACI
Owner: Colorado Department of Transportation
Architectural Firm: CDOT Region 3/CDOT Staff Bridge
Engineering Firm: CONTECH Engineered Solutions
General Contractor: Kirkland Construction
Concrete Contractor: Lobato Construction
Concrete Supplier: Mountain Park Concrete

Infrastructure

Brattleboro - Concrete Bridges to Nature – Brattleboro, Vermont, United States

Nominator: Central Florida Chapter – ACI
Owner: Vermont Agency of Transportation (VTTrans)
Engineering Firm: Figg Bridge Engineers, Inc.
General Contractor: PCL Civil Constructors
Concrete Supplier: Carroll Concrete

Cross Border Xpress – San Diego, California, United States

Nominator: San Diego International Chapter – ACI
Owner: Otay TJ Venture LLC
Architectural Firm: Stantec
General Contractor: Turner Construction Company
Concrete Contractor: T.B. Penick & Sons Inc.
Concrete Supplier: Robertsons Ready Mix

Grand Avenue Bridge Project – Glenwood Springs, Colorado, United States

Nominator: Rocky Mountain Chapter – ACI
Owner: Colorado Department of Transportation
Engineering Firm: AMEC Foster Wheeler/Tsiouvaris Simmons Holderness
General and Concrete Contractor: Granite RLW Joint Venture
Concrete Supplier: United Companies

Hebgen Dam Outlet Pipe Rehabilitation Project – West Yellowstone, Montana, United States

Nominator: Las Vegas Chapter – ACI
Owner: NorthWestern Energy
Engineering Firm: Morrison Maierle, Inc.
General and Concrete Contractor: Hydro-Arch
Concrete Supplier: High Caliber Concrete

I-80; Silvercreek to Wanship – Wanship, Utah, United States

Nominator: Intermountain Chapter – ACI
Owner: Utah Department of Transportation Region 2
General Contractor, Concrete Contractor, and Concrete Supplier: Geneva Rock Products, Inc.

Lehigh Cement Union Bridge Quarry Replacement – Union Bridge, Maryland, United States

Nominator: Maryland Chapter – ACI
Owner: Lehigh Cement Company, LLC
Architectural Firm: CLSI
Engineering Firm: rCon Engineers Inc.
General Contractor and Concrete Contractor: Joseph B Fay Company
Concrete Supplier: Thomas, Bennett & Hunter, Inc.

Lusail Expressway Project – Doha, Qatar

Nominator: Qatar Chapter – ACI

Owner: Public Works Authority (ASHGHAL), State of Qatar

Architectural Firm: AECOM

Engineering Firm: KBR and CDM Smith

General Contractor: Hyundai Engineering & Construction Company Limited

Concrete Contractor: United Ready Mix, Qatar Ready Mix and Smeat Ready Mix

Project Elisa Elican, Telde, Las Palmas, Spain

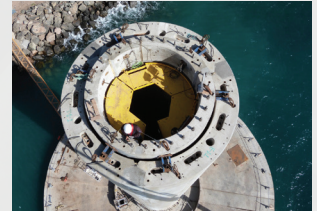

Nominator: Northwest Mexico Chapter – ACI

Owner, Architectural Firm, and Engineering Firm: ESTEYCO S.A.P.

General Contractor: CONSTRUCCIONES BALZOLA S.A.

Concrete Contractor: GERMAN GIL SENDA S.A.

Concrete Supplier: CANARY CONCRETE S.A.

SR 520 Floating Bridge and Landings – Medina, Washington, United States

Nominator: Washington Chapter – ACI

Owner: Washington State Department of Transportation

Architectural Firm: Helix

Engineering Firm: KPFF Consulting Engineers

General Contractor: Kiewit/General/Manson, A Joint Venture

Concrete Contractor: Belarde Company (DBE, Low-rise deck panels)

Concrete Supplier: CalPortland

Taxiway “A” and Taxiway “B” Rehabilitation – Little Rock, Arkansas, United States

Nominator: Arkansas Chapter – ACI

Owner: Little Rock National Airport

Architectural and Engineering Firm: Garver

General Contractor, Concrete Contractor, and Concrete Supplier: Weaver-Bailey Contractors

Upper Bee Branch Creek Restoration – Dubuque, Iowa, United States

Nominator: Iowa Chapter – ACI

Owner: City of Dubuque

Architectural and Engineering Firm: IIW, P.C.

General Contractor: TriCon Construction

Concrete Contractor: Schroeder Construction

Concrete Supplier: Bard Materials

Wichita State University Parking Garage – Wichita, Kansas, United States

Nominator: Kansas Chapter – ACI

Owner: Wichita State University

Architectural Firm: GLMV Architecture, Inc

Engineering Firm: Walker Consultants (Structure)

General Contractor: Dondlinger Construction

Concrete Contractor and Concrete Supplier: Coreslab Structures

Repair and Restoration

38 Newbury Street Office Suite – Boston, Massachusetts, United States

Nominator: Western New York Chapter – ACI
