

Why Join ACI as a Student Member?

Do you want to be a part of the leading authority on concrete materials, design, and construction? Every day ACI is looking to advance not only their materials, design, and construction, but also their future leaders of the industry. Becoming a student member is opening the door to an opportunity to experience ACI and begin to grow your professional career.

35,000+ Members

260+ Student Chapters

120+ Countries

CONCRETE COMMUNITY

Founded in 1904, ACI is headquartered in Farmington Hills, MI, USA, with a regional office in Dubai, UAE, and a resource center in Southern California. ACI envisions a future where everyone has the knowledge needed to use concrete effectively to meet the demands of a changing world by developing, disseminating, and advancing the adoption of its consensus-based knowledge on concrete and its uses.

STUDENT MEMBER DISCOUNTS

ACI membership is free to all undergraduate- and graduate-level students. We provide the resources to succeed in school and prepare to enter the workforce.

- **ACI CODE 318-19**, Building Code Requirements for Structural Concrete
- **ACI 318 PLUS** includes digital access to **MNL-17(21)**, ACI Reinforced Concrete Design Handbook, and **MNL-66(20)**, ACI Detailing Manual
- **ACI CODE 530**, Building Code Requirements and Specification for Masonry Structures
- **MNL-5(19)**, Contractor's Guide to Quality Concrete Construction
- **ACI SP-4**, Formwork for Concrete

American Concrete Institute
Always advancing

GET PUBLISHED

Students are invited to submit abstracts for a chance to have their research published in one or more ACI publications.

- *Concrete International* magazine
- *ACI Structural Journal*
- *ACI Materials Journal*
- Technical committee documents/manuals

CONCRETE CONVENTION

With more than 2,000 attendees, the ACI Concrete Convention combines the brightest minds in concrete with an unparalleled social environment, bringing a premiere event to concrete professionals to collaborate and advance the industry and their knowledge. There are 120+ committee meetings; hundreds of technical sessions/presentations on a wide variety of concrete topics and new research; and countless opportunities to network with peers, industry experts, and global leaders.

STUDENT COMPETITIONS

ACI Student Competitions provide undergraduate teams with an opportunity to compete for cash prizes while learning to apply classroom theory to real concrete construction projects. Team competitions are held twice a year.

FRC Bowling Ball	Pervious Concrete Cylinder
Mortar Workability	FRP Composite Beam
Eco Concrete	Concrete Solutions
Concrete Projects	Nondestructive Testing of Concrete

ACI CHAPTERS

Gain technical knowledge and develop leadership skills while expanding your personal and professional networks by joining and participating in your local or student chapter. ACI Chapters are a place to participate in education/technical sessions, **ACI Certification** training, monthly meetings, and social events. Student Chapters may also apply to the annual **ACI Award for University Student Activities Program** to receive recognition.

PRESENT PAPERS/RESEARCH

There are numerous opportunities for students to present their research in front of the larger concrete community, including:

- Undergraduate Research Session
- Student Poster Session
- Open Topics Session
- Research in Progress
- ACI Student Forum

CONVENTION TRAVEL STIPEND

Graduate Students pursuing a master's or PhD can apply to receive a travel stipend up to \$1,000 to attend the ACI Concrete Convention. Students who have an opportunity to present papers or further their research are especially encouraged to apply. Applicants will be required to submit a Letter of Support from a supervising faculty advisor.

www.aciconvention.org

- \$5,000 USD Scholarships
- \$10,000 to \$15,000 USD Fellowships (includes mentor, internship, and free convention attendance)
- Apply between July 1 and November 2
