

STUDENT CHAPTER AWARDS

The **ACI Student Chapter Award Program** recognizes the achievement of student chapters whose activities align with ACI's strategic goal to attract, engage, and support young members and to deliver valuable membership experiences. The student chapters will accomplish this by increasing opportunities for professional growth and continuously improving and expanding concrete knowledge. ACI Student Chapters are supported by local professional ACI Chapters and/or ACI International Partners.

To be eligible for this awards program, student chapters will be required to submit an Annual Report. The student chapter must meet the minimum point requirements to receive recognition as an **Outstanding Student Chapter**. The student chapter with the highest level of points will be recognized as the **Distinguished Student Chapter of the Year** while the supervising professor will be named the **Distinguished Faculty Advisor of the Year**.
