Aesthetics Submittal Page 1 of 1

Team Submittal for the 2025 Aesthetics Evaluation of the Fiber-Reinforced Concrete Bowling Ball Competition

Please provide Team responses to the following questions.

Please keep each response to a maximum of 40 words.

Responses must not include any identifying school affiliation.

Responses must be in English, and neat and legible (especially if hand-written).

Each team must bring 2 hard copies of this Aesthetics Submittal to the competition.

This submittal will be on display with your bowling balls during the competition and will be read by the voting public and by the Judges for the "Judges Choice Award".

The authenticity and compellingness of your answers could factor into someone's vote.

1.	What element or elements of the competition's theme of "Spring in Toronto" inspired
	your team's design?

2.	How does	vour team's	design ca	apture those	elements?

3. What techniques did your team use to create your design (i.e. acid staining, colored concrete, polishing or sanding, non-typical aggregates, painting, etc.)?

4. Why did you choose those techniques to convey your design?

Team's 2-digit ID:

Registration use only. Place label here.
