

SPECIFICATION PRESENTATION

This presentation will cover how to properly use reference specifications to enhance project specifications and minimize the amount of specification editing required for a project.

Topics covered in this presentation will include:

- What are ACI specifications
- Common features of ACI specifications, using ACI 301
- Summary of the ACI 301 checklists
- Important upgrades in ACI 301-16

ACI offers a wide range of resources and materials covering specifications including:

301-16
Specifications for
Structural Concrete

350.5-12
Specifications for
Environmental
Concrete Structures

On-Demand Courses Offered Through ACI University:

- ✓ ACI 301-16 Specifications for Structural Concrete (Parts 1, 2, and 3)
- ✓ On Demand Course: ACI 318 - What's in Your Spec?
