

On the Move

Webb

Julie Webb has retired from her position as Marketing Manager at ACI. Her key responsibilities have included managing the marketing department and overseeing a team of six; overseeing the promotion of all ACI resources to a global audience through mediums such as email, events, direct mail, and more; and creating and monitoring promotional campaigns to increase membership and

global knowledge of ACI's activities. Webb has served the Institute for 23 years, having previously worked as Sales and Membership Coordinator and as Marketing Coordinator. She received her BS in technical communications from Lawrence Technological University, Southfield, MI, USA. Webb looks forward in retirement to traveling more and spending time with her new granddaughter.

O'Brien

Proceq/Screening Eagle Technologies appointed **Erin O'Brien** as the Director of Marketing – Americas and **Daniel Broekhove** as the Geomatics Sales Team Regional Sales Manager for the U.S. West Coast region. In her new capacity, O'Brien will provide invaluable insights to the global marketing team, specifically tailored for the Americas region,

facilitating effective communication of

the company's vision, product lines, and technologies. Prior to joining Proceq/Screening Eagle, O'Brien served as Executive Director of the Concrete Sawing and Drilling Association (CSDA) since 2020, and Membership Director since 2009. She received her BS from Ohio University, Athens, OH, USA, and her MS from the University of Florida, Gainesville, FL, USA.

Broekhove

Broekhove brings a wealth of experience and technical acumen to further enhance Proceq/Screening Eagle's leading portfolio of subsurface and utility scanning products, including the GS8000, GS9000, and GM8000. He received his BS in business management from Southeastern Oklahoma State University, Durant, OK, USA. Broekhove boasts an impressive career including 8 years with

IDS GeoRadar/Leica Geosystems. He has completed certifications as a CSDA Certified Operator and a NULCA Certified Locator.

Honors & Awards

Frizzi

ACI member **Rudolph P. Frizzi**, Managing Principal, LANGAN, received the Deep Foundations Institute's (DFI) Distinguished Service Award. This award recognizes individuals who have made exceptionally valuable contributions to the advancement of the deep foundations industry. With nearly 40 years in the industry, Frizzi's geotechnical engineering and project management experience is

extensive, with particular emphasis on foundation design and construction in urban areas and large-scale land and waterfront public and private development projects throughout the United States and internationally. Frizzi has been a Trust board member since 2013 and has held the Chair position since 2021. He is a Past President of DFI (2009-2010), a Past Trustee of the DFI Board of Directors (2002-2012), and the current liaison to the DFI Student Chapter at the University of Illinois Urbana-Champaign, IL, USA. He is an active member of the ACE Mentor Program of America and American Council of Engineering Companies. He received his bachelor's degree in civil engineering from The Ohio State University, Columbus, OH, and his master's degree in civil engineering from the University of Illinois Urbana-Champaign.

Wilcox

ASTM International Committee C01, Cement, presented its Bryant Mather Award to ACI member **Steven Wilcox**, Consultant with S&S Wilcox Enterprises, LLC. Wilcox was recognized for his expertise and mentorship throughout his decades-long career within the cement industry, which also includes service as Chair of ASTM Subcommittees C01.10, Hydraulic Cements for General Concrete

Construction; C01.27, Strength; and C01.95, Coordination of Standards. An ASTM International member since 1990, Wilcox has been previously honored by the committee with the Award of Merit and three Awards of Appreciation, two from C01 and one from C09, Concrete and Concrete Aggregates. Wilcox's career concentration is cement performance and technical leadership. He has managed his own consultancy since 2023, previously working as U.S. Technical Director for Argos USA, a position he held for 12 years. Wilcox received his BS in chemistry from Dalhousie University, Halifax, NS, Canada, in 1982.
