

On the Move

Battle

W. R. MEADOWS, Inc., announced the promotion of **David Battle** to Sales Manager for the W. R. MEADOWS of Georgia branch office in Cartersville, GA, USA. Battle has been a part of the W. R. MEADOWS team since June 2020, showcasing commitment and expertise in fostering the company's growth, especially in the Florida, USA, market.

With over 25 years of experience in sales and management within the industry, Battle brings a comprehensive understanding of both manufacturer and distributor dynamics to his new role. This blend of experience positions him to drive the Georgia branch toward further success. In his new capacity, Battle is tasked with developing cutting-edge sales strategies, leading and managing the Georgia sales team, propelling sales growth, and enhancing customer relationships.

Stuckmeyer

MLC (formerly Mississippi Lime Company) appointed **Cheryl Stuckmeyer** as Vice President, Supply Chain. As part of the MLC executive leadership team, she will oversee the company's logistics, inventory management, procurement, and trucking functions. Stuckmeyer brings over two decades of supply chain leadership experience to her role with MLC. She has

previously held roles with Bayer Crop Science, Monsanto Company, ICL, Solae LLC, and Covidien. Stuckmeyer's expertise in food, agriculture, and industrial markets enables her to understand the unique dynamics of MLC's markets and stakeholders. She received her BS in business and public administration, logistics, and marketing from the University of Missouri, Trulaske College of Business, Columbia, MO, USA.

Dawood

Coval Technologies announced the appointment of **M. Shaik Dawood** as R&D Manager. Dawood will be tasked with enhancing existing coatings and sealers while directing the development of innovative products aligned with industry and market demands. His responsibilities include overseeing product formulation, testing, production

processes, and product efficacy. Prior to joining Coval, Dawood served as R&D Department Head and Technical Support Leader at PT Propan Raya ICC in Indonesia, managing marine and protective coatings. He received his bachelor's and master's degrees in chemistry from Bharathidasan University, Tiruchirappalli, India, and his postgraduate diploma in toxicology from the University of Dublin, Dublin, Ireland. During his 28-year career, Dawood has developed a myriad of coatings products, ranging from primers to specialty coatings, and has expertise in both solvent- and water-based formulations for application across numerous substrates.

Honors & Awards

Zils

The Council on Tall Buildings and Urban Habitat (CTBUH) announced the winners of its 2024 lifetime achievement awards, recognizing proven excellence in technical design and contributions to the advancement of tall buildings and the urban environment. The Fazlur R. Khan Lifetime Achievement Award was awarded to ACI member **John Zils**, a distinguished structural engineer who

worked at Skidmore, Owings & Merrill (SOM) for more than 40 years and helped pioneer the bundled-tube design with Fazlur Khan. A notable figure in structural engineering, he has led numerous projects worldwide that range widely in scope and scale. While at SOM, he was instrumental in the realization of the Willis Tower in Chicago, IL, USA; the Guggenheim Museum Bilbao in Bilbao, Spain; and the Hajj Terminal in Jeddah, the Kingdom of Saudi Arabia. His expertise has helped push the boundaries of what is possible in high-rise design.

Calatrava

The Lynn S. Beedle Lifetime Achievement Award was awarded to **Santiago Calatrava**, a renowned architect, structural engineer, sculptor, and painter. Celebrated for his visionary designs, which harmonize architecture, engineering, and art, Calatrava is known for projects such as the Turning Torso in Malmö, Sweden; the City of Arts and Sciences in Valencia, Spain; and the

World Trade Center Transportation Hub in New York, NY, USA.
