

Klemencic

The National Council of Structural Engineers Association (NCSEA) appointed **Ron Klemencic**, FACI, Chairman and CEO of Magnusson Klemencic Associates (MKA), Seattle, WA, USA, to the NCSEA Foundation's Board of Directors. An industry innovator and one of the preeminent high-rise structural engineers practicing today, Klemencic is sought by developers,

architects, and contractors for his creativity and ability to consistently produce cost-effective and inventive designs. The NCSEA Foundation Board of Directors is comprised of structural engineering industry leaders who have been nominated and elected to serve. Board of Directors members support the philanthropic efforts of NCSEA, including scholarships, SEA grants, outreach, and education. Each Board of Directors term begins April 1 and ends March 31 of the following year.

ASTM International announced the appointment of **Andrew G. Kireta Jr.** as President. Kireta's background in standards development and familiarity with the organization positions him to lead ASTM International into future growth and innovation. He succeeds **Katharine Morgan**, who has served in the role since 2017 and will retire after a distinguished 40-year career with ASTM International. Kireta is President and CEO of the Copper Development Association and has been with the not-for-profit trade association since 1992, serving the past two decades in an executive management capacity. He has been an ASTM International member since 1998, and joined the Board of Directors in 2014, serving as Chair of the Audit and Finance Committee in 2017, Vice Chair in 2018 and 2019, and Chair of the Board in 2020. Kireta also previously served as Vice Chair and Chair of the Board of the Safety Equipment Institute (SEI), an ASTM International affiliate.

Carvin

CarbonBuilt named **Michelle Carvin** as Chief Financial Officer (CFO). Carvin is responsible for overseeing the company's financial operations, accounting, capital planning, and capital raising. Carvin has more than a decade of experience in corporate financial planning, deal structuring, and risk management in both emerging growth and public markets. Prior to joining

CarbonBuilt, she served as CFO at Neely Clay Energy, a solar energy developer, where she was responsible for financial processes, fundraising, and project mergers and acquisitions (M&A). Previously, Carvin spent nearly a decade at Goldman Sachs, where as Vice President in the Global Industrials Investment Banking Group she executed more than 10 billion USD in M&A and capital markets transactions across industrial, energy, and infrastructure markets. She has industry experience within building materials and industrial process technologies and has served as an advisor to publicly traded companies on capital allocation to drive strategic growth. Carvin received her BS in accounting and a certificate in socially responsible enterprise from the Leeds School of Business at the University of Colorado, Boulder, CO, USA. She is also a CFA® charter holder.

Honors & Awards

The Safety and Risk Management Council (SRMC) of the American Society of Concrete Contractors (ASCC), St. Louis, MO, USA, announced ACI member **John Goodrich**, Jordon Foster Construction LLC, El Paso, TX, USA, as the recipient of ASCC's Member Owner/Executive Safety Award. The award recognizes one owner/executive of a contractor member company who displays a clear focus and passion for safety and provides leadership that creates a best-in-class safety culture. Goodrich has provided support for field leader initiative and works to improve conflict resolution, communication, and mental health awareness in the workplace. He supports technology platforms that continuously enhance the organization safety focus by tracking leading indicators, such as training and education, hazard recognition, prevention planning, observations, audits, near miss identification, and culture of care initiative. Under Goodrich's leadership, Jordan Foster Construction was recognized in 2022 as one of the United States' safest contractors by the Associated General Contractors (AGC) of America Construction Safety Excellence Award and by the International Risk Management Institute (IRMI) for the Gary E. Bird Horizon Award.
